HONORING THE WORK AND RETIREMENT OF KEN MALLOY

### HON. JIM COSTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 30, 2021

Mr. COSTA. Madam Speaker, I rise today to honor the retirement of CBS47 anchor and Central Valley news icon, Ken Malloy. Ken has served as a journalist, reporter, and anchor for nearly 39 years, and he will be dearly missed by the Central Valley.

Ken was born and raised in Los Angeles. There, he attended and graduated from the prestigious University of Southern California, Ken began his career as an anchor and reporter at KESQ in Palm Springs, California, where he was recognized for his breaking news coverage.

Thereafter, he moved to New Hampshire, where he reported at WMUR and hosted an award-winning weekly political talk show that took home two Golden Mike Awards. Ken continued his pursuit of groundbreaking news coverage when he ventured to Providence, Rhode Island. He served as a co-anchor and reporter at WJAR, the number one-rated station in the city.

While there, Ken served on the Board of Directors for the state's adoption exchange program and produced weekly "Tuesday's Child" segments and half-hour specials on child adoption. These efforts served as a true testament to his purposeful reporting.

Ken came to Fresno, California, to join CBS47 after a stint at KTVT, the CBS Owned and Operated station in Dallas, Texas, where he anchored and reported for almost 12 years. In Fresno, Ken started as the weekend co-anchor, before launching the station's first morning show and serving as the primary anchor.

Ken has covered some of the most prolific moments in American history. This includes his coverage of the Oklahoma City Bombing, Timothy McVeigh's execution, and the capture of the "Texas Seven." He took on the courageous responsibility of covering the 9–11 attacks, along with the 2000 presidential race. Ken's diligence and work ethic was put on full display while he stayed on the road for six weeks during the Election Cycle.

Today, we pride Ken for his work as an award-winning journalist, anchor, and community leader. Since 1984, he has anchored more than 30,000 newscasts, written more than 10,000 stories, and received countless awards and recognitions. His presence, charisma, and consistency will always be missed as a part of his greater legacy here in the Central Valley. I join his wife Michelle, their three wonderful children, and friends in congratulating Ken for all his achievements.

Madam Speaker, I ask my colleagues to join me in honoring the work and retirement of Ken Malloy. His service and contributions to the Central Valley will be missed and we wish him all the best for the future.

HONORING KIM FORREST

## HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES Tuesday, November 30, 2021

Mr. THOMPSON of California. Madam Speaker, I rise today to honor Kim Forrest to

commemorate her 45 years of service with the United States Fish and Wildlife Service.

Raised in Seaside on the Monterey Peninsula of California, Kim Forrest's youth was marked by adventure, spending her days exploring the vast biodiversity of the Pacific coast. Each summer, Kim and her parents would camp in the High Sierra where her appreciation of wildlife grew. Shortly after her college graduation from Utah State University, Kim's steadfast admiration of wildlife led her to join the U.S. Fish and Wildlife Service as an entry level employee at Bear River National Wildlife Refuge (NWR). Later, Kim became acting Manager of Fish Springs NWR.

After a brief stint at the Charles M. Russell NWR in Montana, Kim returned to her home state of California where she became the primary manager of the Merced NWR in the San Joaquin Valley. Subsequently, she became Deputy Project Leader at the Sacramento NWR, supervising a crew of equipment operators and biologists. Furthermore, Kim became project leader at the San Luis NWR complex, a wildlife refuge with an area of 40,000 acres, establishing herself as a well-respected conservationist.

Kim's contributions to California wildlife are plentiful, including the development and acquisition of riparian zones, the elimination of invasive plant species, and the recovery of the endangered Riparian Brush Rabbit. Kim's conservation efforts are continued through her work to connect wildlife corridors and protect the wildlife that remains in California's Central Valley. November 11th marks Kim's 45th anniversary of working for the National Wildlife Refuge System.

Madam Speaker, it is evident that Kim Forrest has made an everlasting impact on Californian wildlife conservation efforts through years of dedicated service. Therefore, it is fitting and proper that we honor her here today.

CONGRATULATING DETECTIVE TIMOTHY METZGER FOR HIS RETIREMENT FROM THE ROCK ISLAND POLICE DEPARTMENT

## HON. CHERI BUSTOS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 30, 2021

Mrs. BUSTOS. Madam Speaker, I rise today to recognize Detective Timothy Metzger, who is retiring from the Rock Island Police Department after 28 years of service. His last day was Friday, November 12.

Detective Timothy Metzger joined the Rock Island Police Department in December 1992. A graduate of Blackhawk College and Western Illinois University, Detective Metzger reported to duty each day with impeccable work ethic and compassion for the neighbors he strived to protect. After nearly 20 years, his peers and principals rewarded him for his commitment to the City of Rock Island by promoting him to Detective of the Police Department. For almost 10 years, Detective Metzger has handled every facet of investigations conducted by the Police Department. He specialized in computer, cellphone, and video forensics and helped with the Illinois Attorney General Internet Crimes Against Children Task Force at a local level. When he was not putting himself in harm's way, he enjoyed giving back to the area he served, helping coach youth softball and baseball teams in Rock Island.

It is because of committed and honorable leaders such as Detective Metzger that I am especially proud to serve Illinois' 17th Congressional District. Madam Speaker, I would like to, again, formally congratulate Detective Timothy Metzger on his retirement and thank him for his 28 years of service to our community.

SUPPORTING H.R. 951, THE MATERNAL VACCINATION ACT

### HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 30, 2021

Ms. SEWELL. Madam Speaker, I rise today in support of H.R. 951, the Maternal Vaccination Act. The pandemic has laid bare the historical inequities that exist in our health care system for Black Americans, especially for Black parents. My constituency is painfully aware of the pervasive, systemic and institutional influences that have contributed to these disparities.

And let's be clear, these disparities have only been exacerbated by the pandemic, which is why me and my colleagues have been so adamant in the inclusion of policies to end our nation's maternal mortality crisis and eliminate racial and ethnic disparities in maternal health outcomes.

As we are almost two years into a global pandemic that has disproportionately harmed communities of color, the risks facing Black women and other birthing people of color are at a crisis point. Any legislative proposal that will successfully and meaningfully address the pandemic's impact on people of color must directly address the effects of coronavirus disease of 2019 (COVID–19) on pregnant people and new moms.

As many of us know, the United States has the highest maternal mortality rate of any high-income country and the only rate that is rising. The pregnancy-related mortality rate for Black women in the U.S. is three to four times higher than the rate for white women, and other women and birthing people of color also face elevated rates of mortality and morbidity.

The risks for pregnant people have only grown during COVID-19: according to the Centers for Disease Control and Prevention, "pregnant and recently pregnant women are at an increased risk for severe illness from COVID-19 compared to nonpregnant women." The CDC also found that pregnant people with COVID-19 are at an increased risk for adverse pregnancy outcomes. In addition to clinical risks, the pandemic has affected social determinants of health that contribute to maternal health disparities, like increased food insecurity, which disproportionately impacts Black and Hispanic families.

Without bold and immediate action to address the heightened clinical and non-clinical threats to pregnant people and their growing families, our national recovery from COVID-19 will only exacerbate the inequities that existed before the pandemic and worsened over the past year.

Recognizing the urgent need to address these alarming trends, President Biden's American Families Plan includes a much-

needed \$3 billion investment in maternal health. The President's proposal provides an opportunity to make considerable investments in federal funding to address this crisis, including policies included in the Black Maternal Health Momnibus Act of 2021 and a permanent expansion of yearlong postpartum Medicaid coverage. By advancing these two priorities in the recent recovery package, we comprehensively addressed every driver of our nation's maternal health crisis.

The Momnibus includes investments that will be needed during and after the COVID-19 pandemic, including investments in community-based organizations, policies to grow and diversify the perinatal workforce, expanded access to maternal mental health care treatments and support, measures to address the impacts of climate change on maternal and infant health outcomes, and provisions to protect pregnant people during this pandemic and any future public health emergency.

My bill, the Maternal Vaccination Act or H.R. 951, directly addresses the health of both moms and babies. This bill is critically important because although we know that maternal vaccinations are important for the health of moms and babies, only half of pregnant people get their flu vaccines and less than half get Tdap vaccinations to protect against pertussis.

With pertussis on the rise and outbreaks occurring across the United States, we need to invest in initiatives to promote maternal immunizations and address racial and ethnic disparities in maternal vaccination rates. Even though, white adults have higher vaccination coverage than Black, Hispanic, Asian, and Native American adults, there is more that can be done to close this gap.

I was proud to author the Maternal Vaccination Act because it provides funding for programs to increase maternal vaccination rates, protecting both new moms and their babies.

Specifically, the Maternal Vaccination Act will provide funding for a public and provider awareness campaign to promote maternal and child vaccinations. This includes initiatives to increase awareness about the safety, importance, and effectiveness of vaccines for pregnant and postpartum people and their children; provide targeted, evidence-based, culturally and linguistically appropriate resources about vaccines to pregnant and postpartum people, particularly in communities with historically low vaccination rates; and provide evidence-based information and resources on the safety and importance of maternal and child vaccinations to public health departments, maternal health care providers, and perinatal health workers.

This bill, like the Build Back Better Act legislation, will provide historic investments from the Black Maternal Health Momnibus Act to save moms' lives, end racial and ethnic maternal health disparities, and advance birth equity across the United States.

#### ALBERT ZONA

# HON. JEFFERSON VAN DREW

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 30, 2021

Mr. VAN DREW. Madam Speaker, I would like to recognize Albert Zona of Pleasantville, South Jersey. At the age of 18, Albert was drafted into the Army during World War II and

was stationed in Japan. He was honorably discharged from the Army as a Sergeant in 1947. After he was discharged, Albert worked several full-time jobs as an auto mechanic until he was able to start his own business. He then opened his first service station at Edgewater Avenue and Main Street and was one of the eight original founding members of the Pleasantville Volunteer Fire Company, Station 2. Around 1952. Al moved his service station to Absecon and transferred from Pleasantville to Absecon Volunteer Fire Department. He then sold that service station in 1998, ending his career as a volunteer firefighter. Al should be proud of his accomplishments and service to the South Jersey community and to America. I thank AI for his service. God Bless AI and God Bless America.

HONORING THE 75TH ANNIVER-SARY OF SAN JOAQUIN MEMO-RIAL HIGH SCHOOL

#### HON. JIM COSTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 30, 2021

Mr. COSTA. Madam Speaker, I rise today to honor the San Joaquin Memorial HighSchool on its 75th anniversary. On October 1, 2021, this phenomenal educational institution will have been serving the youth ofthe San Joaquin Valley for 75 years.

San Joaquin Memorial was founded in 1945 by the late Most Reverend Philip G. Scher and was the first Diocesan Catholic High School with junior high students in the Monterey-Fresno Diocese. San Joaquin Memorial was named by individuals from the San Joaquin Valley who gave their lives in World War II.

That same year of 1945, classes commenced after the construction was completed on the first three buildings, Shortly thereafter, the fourth and fifth buildings were constructed and ready to be filled with students. The first mass was held on October 3rd; the first rally was on November 9th and the first football game on November 19th. The first yearbook was released in May of 1946. The school has continuously expanded and more programs were added. Since then, the high school has become a premiere educational institution in the Vallev.

During the 1970s, Brother Phillip and Sister Ann Veronica became the first Vice-Principals of the high school. In 1981, Mary Alice Diener Library was built, and the science building was dedicated to the memory of Br. S. Albert FSC and Sr. Paola Harbeke CSC. Both individuals were the founding principals for San Joaquin Memorial.

The school is home to state-of-the-art technology, strong community service involvement, and several programs outside of standard scholarly activity for their students to take advantage of. They won the 1991 Valley Football Championship over Garces in the Super Holy Bowl and continuing into the 2000s, they dominated in athletics with many talented young student athletes and a talented coaching staff. Because of these advancements, many athletes enjoyed new equipment and renovations by generous individuals who had a passion for the school.

Over the years, San Joaquin Memorial has emphasized their commitment to faith, service,

and community within a rigorous college-preparatory learning environment that effectively prepares their students for their university education and the work force.

Madam Speaker, I ask my colleagues to join me in honoring my Alma Mater, San Joaquin Memorial High School on its 75th anniversary. Its service and contributions to the State of California and the San Joaquin Valley will always be celebrated.

INTRODUCTION OF THE DISTRICT OF COLUMBIA GOVERNMENT ACCOUNTABILITY OFFICE HOME RULE ACT

# HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 30, 2021

Ms. NORTON. Madam Speaker, today, I introduce the District of Columbia Government Accountability Office Home Rule Act. This bill would repeal the authority of the U.S. Government Accountability Office (GAO) over the District of Columbia.

GAO, a federal agency that conducts investigations and audits for Congress, has the same authority over D.C. that it has over federal agencies. GAO's authorizing statute defines D.C. as a federal agency. In addition, GAO's authorizing statute and the D.C. Home Rule Act require GAO to engage in specific types of oversight of D.C.

D.C. is not a federal agency, and it should never be treated as such. The District already has a locally appointed auditor and inspector general, so GAO's authority over D.C. is both redundant and offensive. GAO does not have general authority over states and cities, and therefore should not have such authority over D.C.

This is an important step to increase home rule for the District and does not require state-hood. I urge my colleagues to support this bill.

 $\begin{array}{c} \text{HONORING MADAME JOSEPHINE} \\ \text{BAKER} \end{array}$ 

## HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 30, 2021

Ms. LEE of California. Madam Speaker, I rise today on a very historic occasion for the international community as we celebrate the life of American-born singer, dancer, World War II hero and civil rights icon Josephine Baker.

On November 30th, Madame Baker will be reinterred in a ceremony at the Pantheon monument in Paris, France. This will make her the first American, the first Black woman, and the first entertainer to receive the country's highest honor. Madame Baker's induction into the Paris Pantheon will put her among the company of the highest French achievers in Arts, Letters, and Science.

Though born an American citizen, Madame Baker lived most of her life in France and became a French citizen in the 1930s. Growing up homeless and in poverty, she became an internationally recognized entertainer and actress. However, her contributions did not stop
